EXPERIENCE

Now - ?

Front-end developer - UX designer

Your company?

I am looking for a new challenge!

May 2013 - Jun 2017

Front-end developer

Just Walk

At Just Walk I was responsible for the development and maintenance of their e-commerce websites selling contracts for mobile phones, energy, internet and tv and tablets. Since 2014 these separate websites were integrated in the Mikij whitelabel.

Apr 2011 - Apr 2016

Owner - UX Designer / Developer

Solid Core Web Solutions

Development of various project for clients ranging from Medical institutions and legal services to non-profit foundations.

- Consulting for analysis and setup of data architecture
- Consulting for existing projects to analyse and optimise user interaction and interfacedesign.

Sep 2010 - May 2011

Partner - Developer

Triangle Productions

Development of Drupal based websites for Urban Resort Creative Incubators.

Consultancy and implementation of design specifications, wireframes and data architecture.

Jun 2008 - Aug 2009

Mechanical Designer

Bluewater Energy Servicer

Design of various FPSO components, specifically Bluewater proprietary "swivel bearing" modules

- Setup of design guidelines for the mechanical design department
- Setup of design templates for mechanical designing

Jun 2006 - Jun 2008

Technical Document Controller

Bluewater Energy Services

Responsible for assembly and final delivery of technical documentation of FPSO vessels and Single Point Mooring buoy systems.

- Automation of naming and archiving systems
- Coördinating the issuance and distribution of corporate documentation
- Coördinating the corporate management system
- Ensuring the CMS documentation required at Bluewater vessels is up to date

EDUCATION

Aug 2010 - Jun 2011

Interactive Media

Amsterdam University of Applied Sciences

Education on research, UX, marketing, design and development practices.

Achievements

- Propaedeutic Cum Laude
- Accepted to honors program
- winner of Propaedeutic Team Project 2010 for Urban Resort Foundation

REFERENCES

Marius van der Kooy
Just Walk

Peter is IT. Development is his purpose in life, without losing track of the daily routine. Front-end development, presenting various iterations, implementing and maintaining are his daily business.

Bart Lageweg
Bizway

For a period of 5 years Peter was the vital link between us as a supplier and Just Walk.

A top UX designer with a good sense of humour, communication skills and a great sense of responsibility.

Danny Visser
Just Walk

An outstanding developer; flexible with an eye for structural and long term solutions.

For the past five years Peter was a valued member of our team.
Always well prepared and has a great sense of responsibility.

KNOWLEDGE

PHP	competent
Bash	competent
Ruby	beginner
Python	novice

Techniques

Compatibility	browser/platform/device
Principles	YAGNI/DRY/KISS
Automation	task runners/build tools
Design Patterns	structure/create/behave
Paradigms	object/functional/procedural
Security	CORS/XXS
Testing	unit/integration/quality

Structure

- proficient — **Semantics**
- proficient — **Microdata**
- proficient — **JSON/XML**
- competent — **Templating**
- competent — **Accessibility**

Visualisation

- expert — **Sass/Scss**
- expert — **Responsive**
- expert — **Grid systems**
- expert — **CSS Animation**
- competent — **Photoshop**

Interaction

- proficient — **ES5**
- proficient — **XHR/AJAX**
- proficient — **jQuery**
- competent — **ES6**
- beginner — **Frameworks**

Development

PHPStorm/Webstorm	IDE
Sublime Text	editor
Git	versioning
Command line/CLI	terminal
Valet	minimal NGINX dev environment
Homestead	Vagrant box
Composer	PHP

CMS/frameworks

Wordpress	bedrock/sage
Laravel	mix/blade
Blogdown	mustache/markdown
Drupal	CMS
Joomla	CMS
Lumen	Laravel microframework

Package managers

Bower	front-end
NPM	task builder/front-end
Homebrew	OSX
Composer	PHP

Build tools

NPM scripts	cli/compiling/testing
Grunt/Gulp	build systems
Webpack	module bundler
Brunch	simplified build system
